<p>COGCC Inspection Report Summary On Tuesday 3/1/2022 at approximately 1105 hrs. I, Inspector Robbie Revas, Conducted an on-site inspection: Operator: Painted Pegasus Petroleum (3P) Location: Eiffel 1</p> <p>API # 05-001-08219</p> <p>County: Adams</p> <p>While there, I observed a wellsite and tank battery. Because P3 is not actively managing any of its Colorado Wells or Locations there is a direct threat to public health, safety and welfare, including the environment and wildlife resources. Therefore, the COGCC will undertake steps to, at a minimum, shut-in all of P3's wells and lock-out/tag-out P3's flow lines. COGCC may take additional actions to protect public health, safety and welfare, including the environment and wildlife resources, without providing advanced notice.</p> <p>During this inspection the following possible compliance issues were observed: No sign at WH and weeds throughout TB location.</p> <p>See attached photos.</p> <p>Location: mostly muddy, Weather: clear.</p> <p>This is a summary of the inspection report.</p>	revasr	03/01/2022
