Construct Reserve Pit

(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Due to unexpected drilling problems, the existing reserve pit will not be sufficient to complete drilling operations.

Construction of a 20' x 50' x 10' reserve pit is proposed in an area previously approved for a possible flare pit (see attached location layout).

Verbal approval to begin the work was given by Rich McClure, BLM - Craig CO.

BLM - Craig, Colorado (3), COGCC (2), BWG, JKH, CF

I hereby certify that the foregoing is true and correct
