Hi Aaron-

Koch Exploration recently completed reclamation of the Horseshoe Canyon #4 wellsite. We are seeking to terminate a related plugging bond and, as I understand it, we need COGCC closure on the Horseshoe Canyon #4 site. Do you think you could add the site to your inspection list? Koch Exploration shut down a few years ago and doesn't have any other operations in Colorado.

Thank you,

Jordan Radin, PE

Good Afternoon Jordan,

Before this Location can be placed onto my list for priority bond release inspections, a Form 4 Sundry stating "Final Reclamation complete, site ready for inspection" will need to be submitted with information describing the final reclamation procedure as required per Rule 1004.c.(4).

Please let me know when the sundry has been submitted (as well as the document number) so I can get it expedited.

Thank you,

Aaron Trujillo
