<p>COGCC Inspection Report Summary On Monday 3-7-2022 at approximately 1320 hrs. I, Inspector Robbie Revas, Conducted an on-site inspection: Operator: Painted Pegasus Petroleum Location name: Hosmer 32-29 1 API #05-001-07935 County: Adams Weather: Clear. Location: Snow covered. While there, I observed a wellsite and tank battery. Because P3 is not actively managing any of its Colorado Wells or Locations there is a direct threat to public health, safety and welfare, including the environment and wildlife resources. Therefore, the COGCC will undertake steps to, at a minimum, shut-in all of P3's wells and lock-out/tag-out P3's flow lines. COGCC may take additional actions to protect public health, safety and welfare, including the environment and wildlife resources, without providing advanced notice. During this inspection, I observed the following possible compliance issues: 606 Housekeeping: weeds in TB berm See attached photos. No follow up on this site inspection needs to be conducted to ensure that Compliance issues are corrected to comply with COGCC rules.</p>	revasr	03/07/2022
