

Interim Reclamation and Stormwater Inspection

March 7, 2022

Operator: TEP Rocky Mountain LLC - #96850

Location ID: 335539

Location Name: McPherson A Pad

Inspection Document #: 702800004

Garfield County, CO

NENW Section 16 T6S R92W

Anna O'Malley
Reclamation Specialist, COGCC

COLORADO

**Oil & Gas Conservation
Commission**

Department of Natural Resources

Inspection Photos
Location Name: McPherson A Pad
Facility #: 335539

Photo 1. Photo taken from the northwest corner of the Location facing southeast shows an overview of the Location.

Inspection Photos
Location Name: McPherson A Pad
Facility #: 335539

Photo 2. Photo taken from the northwest corner of the Location facing east shows areas of interim reclamation. A follow up inspection is necessary to properly assess interim reclamation when snow is not obscuring areas and vegetation is not dormant.

Photo 3. Photo taken from the southeast corner of the Location facing southeast shows areas of interim reclamation. See additional comments under Photo 2.

Inspection Photos
Location Name: McPherson A Pad
Facility #: 335539

Photo 4. Photo taken of subsidence occurring at dry and abandoned well that has been filled.

Photo 5. Photo taken at the northwest corner of the Location facing east where sediment from the dry and abandoned well appears to have been dumped on the pad, covering the gravel.

Inspection Number: 702800004

Inspection Photos
Location Name: McPherson A Pad
Facility #: 335539

Photo 10. Photo taken from the access road directly north of the Location entrance facing west showing where runoff is cutting into a berm adjacent to a culvert.

Inspection Photos
Location Name: McPherson A Pad
Facility #: 335539

Photo 11. Photo taken from north of the Location facing North. Photo shows an overview of the tie in point on a flowline (# 466720) with potentially impacted fluids accumulating around the tie in point. Note the arrow showing where potentially impacted fluids are flowing around the secondary containment berm and offsite with stormwater runoff.

Inspection Photos
Location Name: McPherson A Pad
Facility #: 335539

Photo 12. Photo taken from north of the Location facing south. Photo shows the tie in point on a flowline (# 466720) where potentially impacted fluids are flowing around the secondary containment berm and offsite with stormwater runoff.

Inspection Photos
Location Name: McPherson A Pad
Facility #: 335539

Photo 12. Photo taken from north of the Location shows potentially impacted fluids flowing offsite with stormwater and through the adjacent property.
