COGCC Comments

Comment	User	Date
<p>COGCC Inspection Report Summary On Wednesday 3-9-2022 at approximately 1110hrs. I, Inspector Robbie Revas, Conducted an on-site inspection: Operator: Painted Pegasus Petroleum Location name: Sirios Brothers 2A API #05-123-08053 County: Weld Weather: Cloudy, windy with light snow and cold. Location: Snow covered. While there, I observed wellsite and tank battery, SI at the time of inspection. Because P3 is not actively managing any of its Colorado Wells or Locations there is a direct threat to public health, safety and welfare, including the environment and wildlife resources. Therefore, the COGCC will undertake steps to, at a minimum, shut-in all of P3's wells and lock-out/tag-out P3's flow lines. COGCC may take additional actions to protect public health, safety and welfare, including the environment and wildlife resources, without providing advanced notice. During this inspection, I observed the following possible compliance issues: 606 houskeeping: weeds and trash at wellsite and tank battery. See attached photos. No follow up on this site inspection needs to be conducted to ensure that Compliance issues are addressed to comply with COGCC rules.</p>	revasr	03/09/2022
