**COGCC Comments**

Comment	User	Date
<p>COGCC Inspection Report Summary</p> <p>On Wednesday 3-9-2022 at approximately 1230 hrs. I, Inspector Robbie Revas, Conducted an on-site inspection:</p> <p>Operator: Painted Pegasus Petroleum</p> <p>Location name: Sargent Farms A1-A</p> <p>API #05-123-05046</p> <p>County: Weld</p> <p>Weather: Cloudy, windy with light snow and cold.</p> <p>Location: Snow covered.</p> <p>While there, I observed wellsite, Scout card shows well as SI. At the time of inspection there is no sign of a well at this API or Location number. There is a well SE of this location Sargent Farms A 2-A that has a form 06(S) Doc #1534943 plug date 4-7-2008 and there is a well at that location.</p> <p>Because P3 is not actively managing any of its Colorado Wells or Locations there is a direct threat to public health, safety and welfare, including the environment and wildlife resources. Therefore, the COGCC will undertake steps to, at a minimum, shut-in all of P3's wells and lock-out/tag-out P3's flow lines. COGCC may take additional actions to protect public health, safety and welfare, including the environment and wildlife resources, without providing advanced notice.</p> <p>During this inspection, I observed the following possible compliance issues:</p> <p>See attached photos.</p> <p>No follow up on this site inspection needs to be conducted to ensure that Compliance issues are addressed to comply with COGCC rules.</p>	revasr	03/09/2022
