Operator Comment: KPK is open to a discussion with Staff about the re-prioritization of GRIP projects, but Facility 8 is currently listed as mid-priority. KPK and Marcom are following the approved GRIP and schedule as outlined. Please contact Ross Watzman if there are issues regarding implementation of the GRIP, including the remediation of Facility 8. This response was not approved in FIRR Document Number 402961744, so further clarification is provided below.

Form 27 Document Number 402843397 was resubmitted 2/28/22 to address COA to provide implementation schedule. Site investigation anticipated to be completed by 7/31/22 and completion of remediation by 12/31/22. This schedule will be updated as field work progresses.

The above 2 responses were not accepted to meet the request of a stand alone site specific schedule. Per phone call with Nikki Graber on 3/1/22, the schedule has been attached separately.

Updated schedule attached.
