Detailed description of the issue(s) * (?)

Please provide as much detail as possible. It is important to narrow down the issue(s).

Tonight, 21 March 2022, at approximately 4:45 pm, I was standing in my back yard. I observed a thick plume of black smoke coming from Extraction Oil and Gas Interchange A and B. I was at Lipan, looking east. I observed flames reaching noticeably taller than the roofline of houses located on Huron. This would put the flames approximately 100 feet into the air.

I immediately dialed 911. I was informed that fire crews were inbound. Multiple crews converged on the scene.

This latest fire, with flames clearly visible from my home, calls into question Extraction's ability to operate so close to residences.
