COGCC Comments

Comment	User	Date
<p>COGCC Inspection Report Summary On Monday 3-14-2022 at approximately 1620 hrs. I, Inspector Robbie Revas, Conducted an on-site inspection: Operator: Painted Pegasus Petroleum Location name: Jan 1 API #05-001-06072 County: Adams Weather: Clear. Location: Muddy. While there, I observed wellsite and tank battery. Because P3 is not actively managing any of its Colorado Wells or Locations there is a direct threat to public health, safety and welfare, including the environment and wildlife resources. Therefore, the COGCC will undertake steps to, at a minimum, shut-in all of P3's wells and lock-out/tag-out P3's flow lines. COGCC may take additional actions to protect public health, safety and welfare, including the environment and wildlife resources, without providing advanced notice. During this inspection, I observed the following possible compliance issues: 606 housekeeping: weeds throughout tank battery. 605.a Signs: no sign at WH See attached photos. No follow up inspection is needed to ensure that the Compliance issues have been corrected to comply with COGCC rules.</p>	revasr	03/14/2022
