General Comment:

COGCC Inspection Report Summary

On Wednesday 3/16/22 at approximately 14:30 hours, I, Inspector Corey De Paolo,
Conducted an on-site inspection at TEP ROCKY MOUNTAIN LLC Tri State Trucking /PA22-25.

Location #335123 in Garfield County Colorado.

-No form 4 on record. Refer to COGCC data base.

-Refer to Document #402969385 submitted on 3/1/22 for operator's response to FIR #699804184. Operator stated that "All staging areas have been discussed with, and approved by the respective land owners". Additionally the operator referred to the pipeline as "an upgraded water line that is necessary to support TEP's oil and gas operations".

While there, I observed normal production operations.

During this inspection the following compliance issues were observed:

- 1) Multiple places with equipment and stored supplies on location with a corrective action date of 4/16/22.
- 2) Multiple places with trash on location with a corrective action date of 3/23/22.
- 3) Location lacks stabilization. Insufficient tracking BMP at entrance to location. Insufficient materials covering and BMP implementation with a corrective action date of 3/31/22.

- Location is located in a high priority habitat area.

A follow up on this site inspection needs to be conducted to ensure the
Compliance issues have been corrected to comply with COGCC rules.
This is a summary of inspection report.

Comment:	Separator units include an attached storage tank. The storage tank is approximately 2'x3'x14' with an approximate capacity of 15 bbl. The sight glass located on the side of the unit indicates the storage tank is full of an unknown fluid. No form of labeling or markers are present to identify a potential hazard or the contents of the storage tank.
