Re: **Second Notice**
Spudding of Wheeler "G" Unit #1 Well
Township 1 North, Range 69 West
Section 1: NE/4
Boulder County, Colorado

Dear Mr. and Mrs. Wheeler:

We anticipate the commencement of dirtwork for the drilling of the captioned well on or before September 1, 1994 pursuant to our oil and gas lease from you and I will soon be commencing the Special Use Permit Process before Boulder County. Because the State of Colorado requires notification prior to drilling, and because the notice expires after 180 days, I am sending you this Second Notice.

I am assuming there is no need for any further field meeting at this point, but if you would like one I will be happy to comply. The location of all facilities will be as discussed and as shown on the plat that I reviewed with you. Thank you and please call if you have any questions.

Best Regards,

Andy Boden
