Comment: Scout card show's well was PA "1/1/1999", however, unable to find plugging records for this well. Well coordinates (40.097195 / -108.893136) shows well ~250 feet south of the Location; unclear if lat/long data is correct. Unable to find evidence of a well at coordinates, and only one active well exists on the Location.

Well release on an active location.
