Location Construction

Location ID: 450612 CDP: _____

Comment: At the time of this inspection, Operator has not conducted any drilling operations. The drilling permit expires May 20, 2022. Operator will need to spud the well and set surface casing to act on the permit before any new permits are required, and just setting conductor casing will not fulfill the requirements.

1002c. PROTECTION OF SOILS _____ Fail _____

Comment _____

This location does not comply with Rule 1002.c. The topsoil stockpile has significant weed cover, Kochia, with no perennial vegetation that would compete with the weedy vegetation and generally work to decrease weed growth.

Corrective Action _____

Best management practices to prevent weed establishment shall be implemented. Control, manage, and prevent weedy, annual vegetation on the topsoil stockpile. If reseeding is an option for long-term protection and stabilization of topsoil, then the next favorable seeding opportunity shall be conducted.

The corrective date is the date the location was observed out of compliance.

Date **03/25/2022**

Comment **This location does not comply with Rule 1003.b. Operator has built the location to an approximate 2.2 acres without conducting drilling operations. Location was constructed back in April 2020 and remains at 2.2 acres.**

Operator has failed to follow the procedures of the 2017 Notice to Operators: Interim Reclamation Procedures for Delayed Operations (NTO). The previous inspection referenced this NTO in the Interim Reclamation comment section of the report.

Corrective Action **Operator shall follow the procedures outlined in the 2017 NTO by submitted an Interim Reclamation variance request. Operator shall submit a variance request by filing a variance hearing application.**

The corrective date is the date the location was observed out of compliance.

Date **03/25/2022**

Overall Interim Reclamation **Fail**

Loc Erosion BMPs	BMP Maintenance	Lease Road Erosion BMPs	Lease BMP Maintenance	Chemical BMPs	Chemical BMP Maintenance	Comment

Comment: Operator has installed a ditch and berm BMP around the entire perimeter of the location. Since topsoil has been salvaged and no road base added, the location is acting as a two acre retention area. More permanent BMPs (i.e., sediment trap) may be required to comply with Rule 1002.f. upon completion of pad construction.

Corrective Action: _____
