<p>COGCC Inspection Report Summary                      On Monday 4/4/22 at approximately 0918hrs I, Inspector Adam Burns, Conducted an on-site inspection at LF Ranch 42-17 of Noble Energy Location ID: 331512 in Weld County, Colorado.                      During this inspection the following possible compliance issues were observed:                      Unmarked Riser to the south of the well. Looks like where the tank battery was needs to be tagged. Upon removing a flowline or crude oil transfer line from use with the intent to abandon, an operator must immediately apply OOSLAT to the risers. OOSLAT must stay in place at all times during the process of abandoning the flowline or crude oil transfer line until the operator removes the riser. Comply with Rule 1105.b With a corrective action date of 4/14/22                      See attached photos.                      A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.                      This is a summary of inspection report.</p>	burnsa	04/05/2022
