**OPERATOR COMMENT**

This form is being submitted as a 1st Quarter 2022 status update.

The initial assessment has not been able to start due to the majority of the project area being covered with production well drilling infrastructure. The majority of this equipment was moved off location in late December 2021. Once site and weather conditions allow, an initial assessment of the soil conditions will begin.

I hereby certify all statements made in this form are to the best of my knowledge true, correct, and complete.
