Kerr-McGee Rocky Mountain Corporation ("KMG") intends to begin operations to complete the Codell/Niobrara formation in the above referenced oil and gas well as soon as equipment is available. title is approved and prior to April 30, 2003.

It is your responsibility to notify the tenant farmer, if applicable, of this proposed operation. The COGCC's brochure for surface owner's containing the rules pertaining to notice of oil and gas operations, reclamation and opportunities for consultation thereon, as well as, the rules of procedure for filing complaints and making applications for hearings is enclosed. Should you have any questions and/or concerns, please contact our office.

Very truly yours,
