The Colorado Oil and Gas Conservation Commission ("COGCC") has adopted guidelines and procedures regarding activities affecting the surface. These rules stipulate an affected surface owner must be given notice in writing by an operator at least seven (7) days (fourteen (14) days on irrigated lands) prior to beginning subsequent well operations or those operations that will materially impact surface areas beyond the existing access road or well site.

If you have a crop please contact this office to determine the earliest we can conduct this operation.

It is your responsibility to notify the tenant farmer, if applicable, of this proposed operation. The COGCC's brochure for surface owner's containing the rules pertaining to notice of oil and gas operations, reclamation and opportunities for consultation thereon, as well as, the rules of procedure for filing complaints and making applications for hearings is enclosed. Very truly yours,
