General Comment:

On 04/04/2022, Reclamation Specialist O'Malley conducted an interim reclamation and stormwater inspection at TEP Rocky Mountain LLC's Jolley-66S91W 20NWNE Location #335173 in Garfield County, Colorado.

The following compliance issues were observed during this inspection:

- No entrance sign
- Staining under valve
- Stormwater: erosion of cut slope

Refer to the "Signs/Marker," "Reclamation" and "Stormwater" sections of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up inspection on this site will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

Comment: [Previous inspection #700704045 observed that cut slope shows some signs of lack of stabilization/ compaction/ degrading. Inspector required Operator to install or repair required BMPs by 5/13/2022.](#)

[It was observed in this inspection that control measures to protect and stabilize the slopes of the Location are missing or insufficient; erosion degradation is evident in the form of undercutting and lateral erosion of cut slopes resulting in exposed roots and vegetation and soil loss from native vegetation communities at the top of the cut slope. Original corrective action and date remain applicable.](#)

Corrective Action: [Install or repair required BMPs per 1002.f.](#) Date: 05/13/2022

Pits: NO SURFACE INDICATION OF PIT
