Re: Field Inspection Report  
Elliff No. 1  
Logan County, Colorado

Gentlemen:

Attached please find a copy of the Field Inspection Report dated January 23, 1996, which received an unsatisfactory rating. The corrective action required was to submit a Sundry Notice with our intentions for this temporarily abandoned well. Corrective action is required by March 30, 1996.

Form 4 (Sundry Notices) was submitted for the Elliff Well #1-1 on January 23, 1996, for the notification of temporarily abandoned status. This form also included an explanation of our intentions for the well and, therefore, meets the corrective action required on the attached Report.

Submittal of the Form 4 on January 23, 1996, therefore, concludes all requirements of the attached Report.

Sincerely,

J. Roy White  
Operations Manager
