

Kerr-McGee Oil & Gas Onshore LP

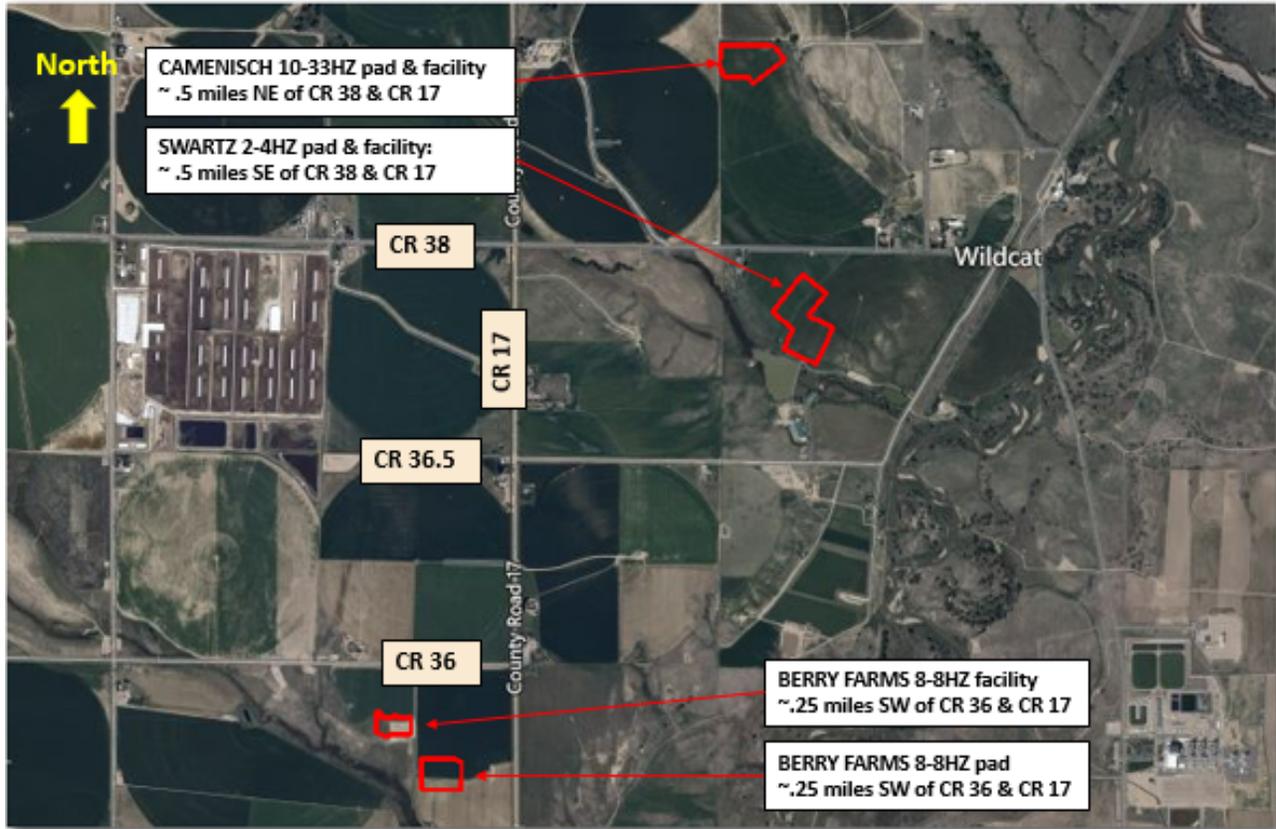

Community Consultation Plan

Democrat OGD

Weld County, Colorado

March 2022

DESCRIPTION OF AREA (all located west of Milliken)

ADJACENT LAND USES

Pad or Facility	# RBU's within 2000'	Closest RBU to Working Pad Surface (WPS)	# RBU's within 1,000'
Camenisch 10-33HZ	1	1,686' E	0
Swartz 2-4HZ	9	626' NW	3
Berry Farms 8-8HZ Facility	2	854' NW	1
Berry Farms 8-8HZ Well Pad	3	1,225' S	0

BLOCK GROUP DEMOGRAPHICS

Pad or Facility	Located within 2000' of DIC*	Block ID	Linguistically Isolated Population %	Minority Population %	Median Household Income **
Camenisch 10-33HZ	No	081230021002	0.0%	6.3%	\$104,852
Swartz 2-4HZ	No	081230021032	2.5%	6.7%	\$121,827
Berry Farms 8-8HZ Facility	No	081230021034	0.0%	0.0%	\$73,529
Berry Farms 8-8HZ Well Pad	No	081230021034	0.0%	0.0%	\$73,529

**Disproportionally Impacted Community

** Over past 12 months

PLANNED COMMUNITY CONSULTATION

Stakeholder Best Management Practices (BMP's):

- The Stakeholder Relations team is a dedicated resource for stakeholders, and we are available during daytime and evening hours. We strive to respond to within one business day.
- Proactive community consultation includes sharing information, listening to stakeholders, and considering their input and concerns related to all aspects of our operations including public health, safety, and welfare
- We offer multiple ways for stakeholders to communicate with us including phone, mail, email, text, in person, and our stakeholder website. We will adapt our outreach to meet each stakeholder's preference
- The following provides specific details about our planned outreach for the Democrat OGDP. A final engagement report will be submitted to the COGCC prior to the OGDP hearing

Planned Community Consultation Throughout Permitting:

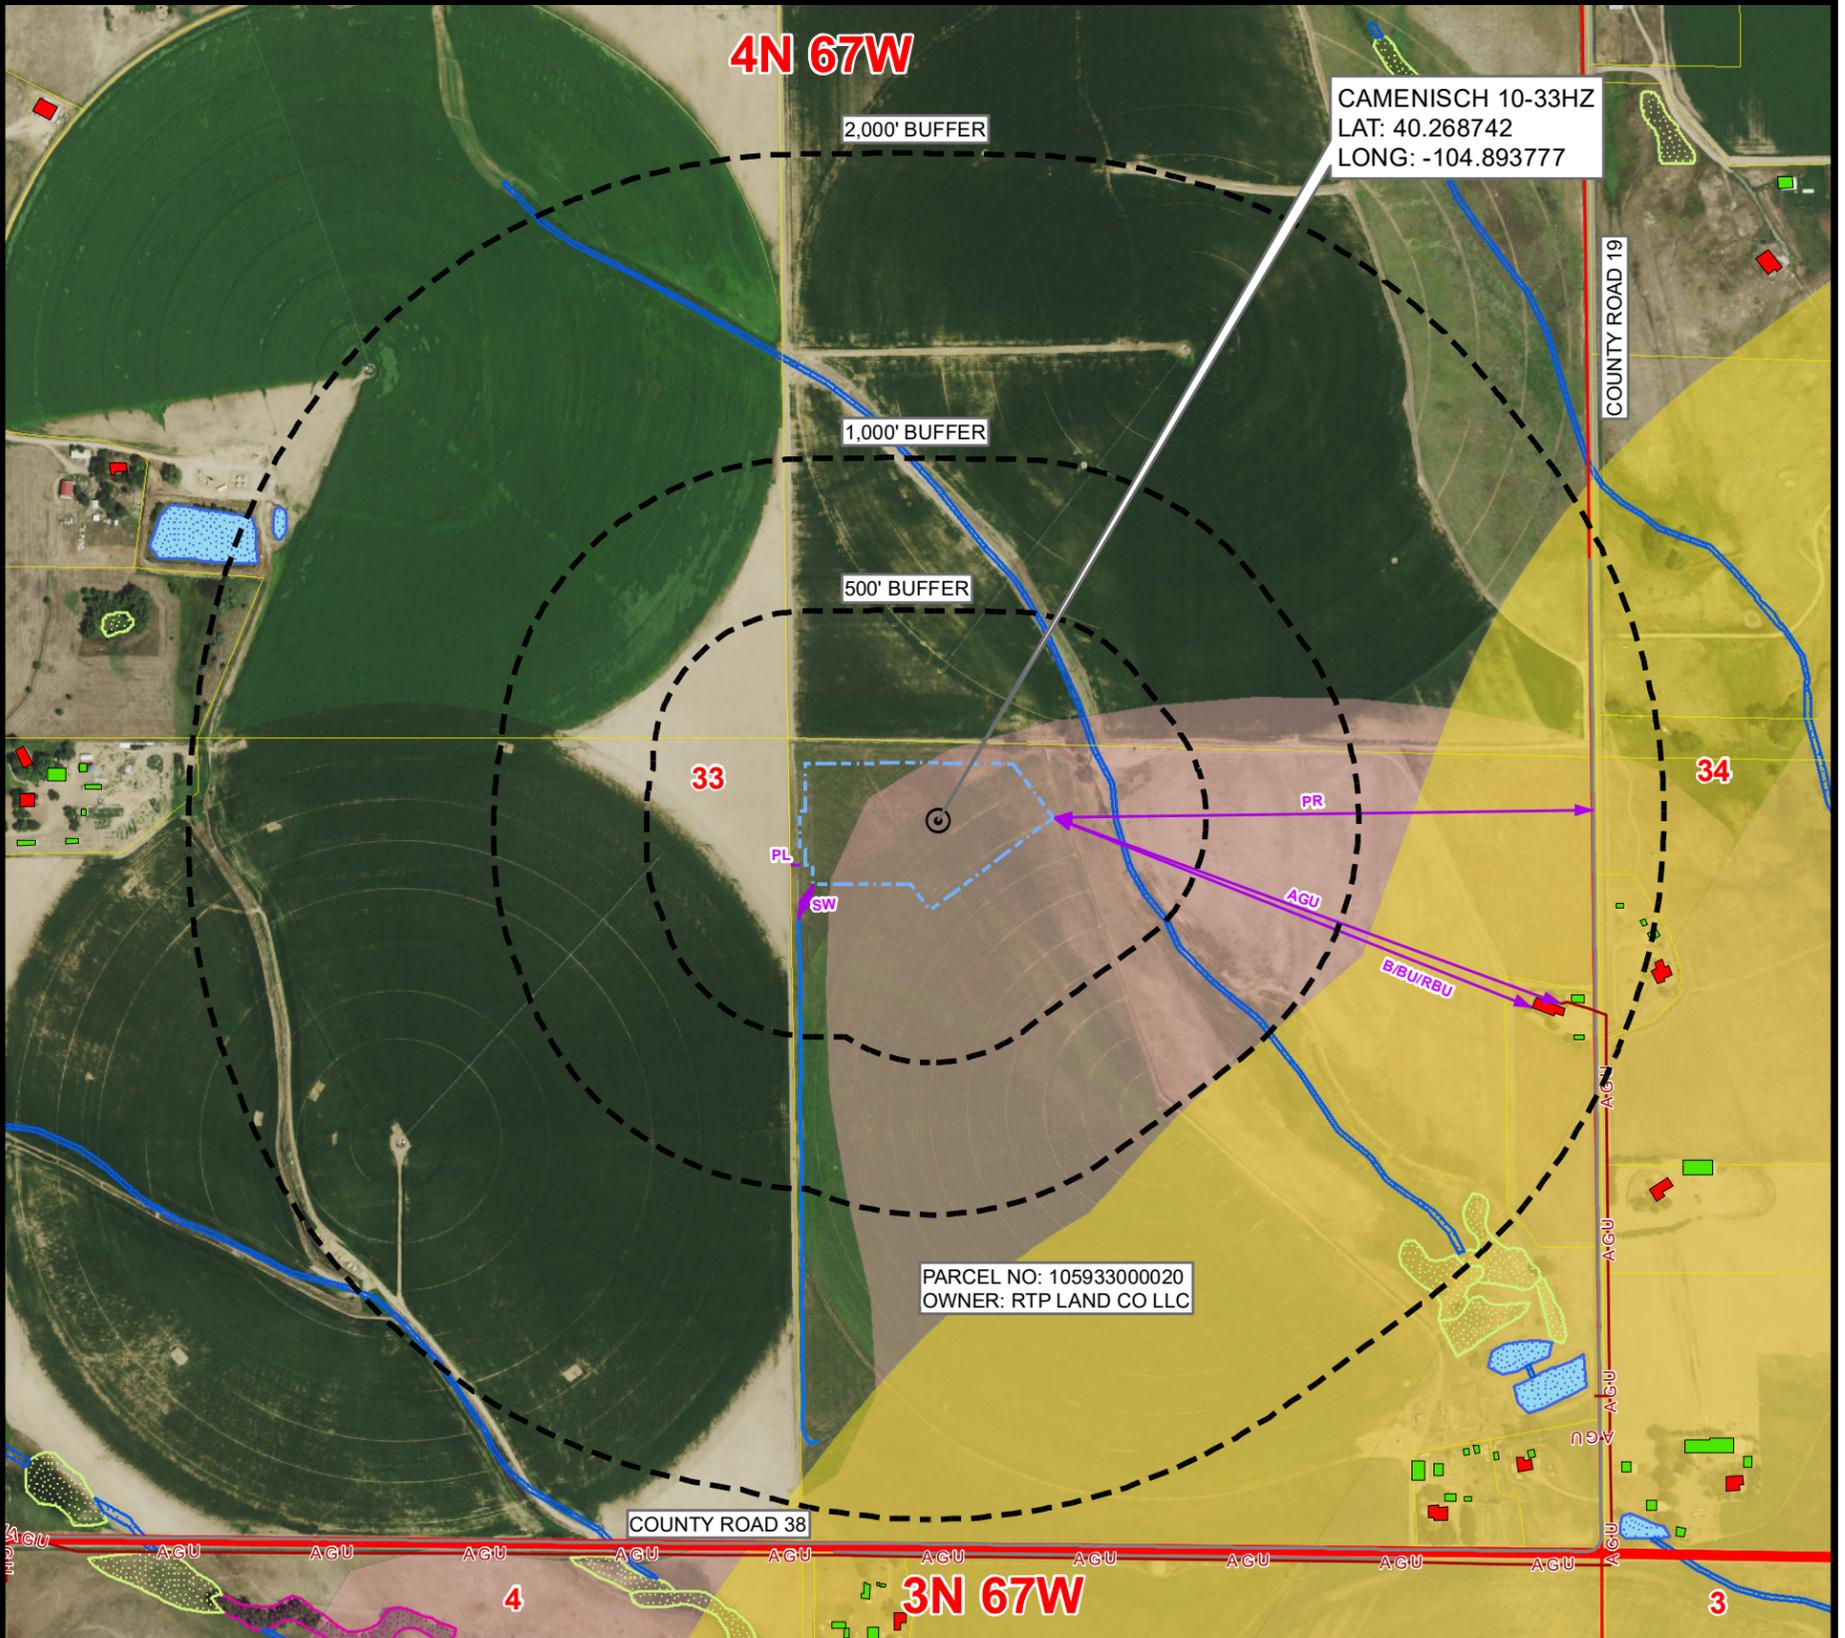

- We sent certified Weld County Oil and Gas Location Assessment (WOGLA) notices to property owners within 1,000 feet of Oil and Gas Location on November 18, 2021.
- We will proactively engage with owners and tenants within 2,000 feet of each of the Working Pad Surfaces (WPS). The OGDP area is not linguistically isolated; however, we will include an offer for interpretation services
- We will send postcards to owners and tenants within 2,000 feet of WPS to invite them to connect with us and provide their feedback.
- We will offer a variety of engagement opportunities such as community meeting, door-to-door, small group meetings, phone calls, and emails.
- We will send the completeness letter (and post it to the Stakeholder website) to owners and tenants within 2,000 feet of the WPS, which will include the following information:
 - Proposed location description and map, including legal description
 - The number and orientation of wells, types of equipment, and infrastructure related to anticipated operations
 - A description, proposed timeline, and expected duration of planned operations including construction, drilling, completions, production, and reclamation
 - The proposed haul routes and traffic volume associated with each phase of operations
 - A description of each stage of operation along with a description of our BMPs to mitigate potential impacts including noise, light, odor, dust, traffic, and visual
 - Contact information for our Stakeholder Relations team

Planned Community Consultation After Permit Approval:

- Send all required Weld County and COGCC notices
- Provide frequent project updates and post notices and hearing information on the OxyColoradoStakeholder.com website
- Throughout the entire life of the wells, our Stakeholder Relations team is available via:
 - Phone: 1.866.248.9577
 - Email: ColoradoStakeholder@oxy.com
 - Website: OxyColoradoStakeholder.com
 - Our 24-hour Integrated Operations Center: 970.515.1500
