<p><b>COGCC Inspection Report Summary</b>                      On Tuesday 4/26/22 at approximately 0852hrs, I, Inspector Adam Burns, Conducted an on-site inspection at State Longhorn D14-11-12XRLNB of Civitas, at Location ID #451353 in Weld County, Colorado.                      During this inspection the following possible compliance issues were observed:                      Unused Equipment next vertical separator in tank battery. Comply with Rule 606. With a corrective action date of 5/6/22                      Unmarked risers need to be marked. Upon removing a flowline or crude oil transfer line from use with the intent to abandon, an operator must immediately apply OOSLAT to the risers. OOSLAT must stay in place at all times during the process of abandoning the flowline or crude oil transfer line until the operator removes the riser. Comply with Rule 1105.b. With a corrective action date of 5/6/22                      See attached photos.                      Submit pictures on FIRR.                      A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.                      This is a summary of inspection report.</p>	burnsa	04/26/2022
