Photo 1. View of the project area from the southwestern corner facing center.

Photo 2. View of the eastern project area from the southeastern corner facing northward. Revegetation is progressing with smooth brome, sand dropseed, crested wheatgrass, and western wheatgrass.

Photo 3. View of the southern project area from the southwestern corner facing eastward.

Photo 4. View of the reference area (beyond fence) comprised of ponderosa pine savannah largely with introduced grasses such as smooth brome and volunteer sedges in wet areas.
