RE: 218.d.(1).C.iii. Attestation of notice to Relevant Local Government of Operator Transfer

To Whom It May Concern:

Augustus Energy Partners II LLC transferred assets to Anschutz Exploration Corp May 1, 2020. Wells, Facilities and Locations from that sale were transferred by Form 10 in 2020. Upon additional review two flowlines that should have been included in the Form 10, were inadvertently missed. Under the new COGCC Regulations a Form 9 Intent and Subsequent are being submitted. As part of the new process for Rule 218.d.(1).C.iii the Relevant Local Government, Rio Blanco County, has been notified of the transfer of Operator for these flowlines. Edward Smercina the Local Government Designee was notified via email on October 15, 2021. Anschutz Exploration Corp is attesting that the Relevant Local Government has been notified.

Sincerely,

Frances MacDonald
Regulatory Manager
