Inspection Number: 702800242

Inspection Photos  
Location Name: Simoes /12-30  
Location ID: 428571

**Photo 8.** Photo taken from the west of the Location shows a stormwater swale installed with straw wattles. The swale is well vegetated with perennial grasses and appears to be sufficient to manage stormwater on the Location in conjunction with perennial plant establishment.

**Photo 9.** Photo taken from the southwest of the Location shows a rip-rap lined stormwater outlet. The BMP appears to be functioning to manage stormwater on the Location in conjunction with perennial plant establishment.

Inspection Photos  
Location Name: Simoes /12-30  
Location ID: 428571

**Photo 10.** Photo taken from the south of the Location shows areas with poor perennial plant establishment. While perennial grasses are common, the annual weed purple mustard is very dense and is the only plant in some areas.

**Photo 11.** Refer to Photo 10 comments.
