 Nature of Complaint: Noise  
 Field Inspector Actions:  
 On 6-13-2022, I Randy Silver area field inspector was assigned a complaint received by COGCC staff in reference to Noise. The complainant Kimberly Allen 1065 W 154th ave Broomfield CO stated the issues were occurring outside of complainants home.  
 On 6-14-2022, I attempted to make contact with the complainant who indicated hearing extreme loud noise inside residence.  
 I performed a complete site inspection of the oil and gas location and associated wells in the area. At time of inspection, Frac crew was not actively fracing. Crew was moving from Interchange A pad to Interchange B pad. I did ask Civitas for their third party sound data once they started fracing again. Sound data is 6-16-22 7PM to 6-17-22 7AM. After reviewing data it does not appear to be out of compliance. Sound data is attached to complaint inspection.  
 Weather conditions: Clear  
 No violation of COGCC rules were observed at the time of the inspection.  
 All information has been reviewed and site inspection information has been submitted to the COGCC for further review.
