

# Annual Flowline Pressure Test Form

## WELL INFORMATION

Well Name: KOCH #41-6 Run #: 6

Location: NENE S6 1N 68W API: 05-123-08479

Flowline Size: ☒ 2 inch ☐ 3 inch ☐ Other: \_\_\_\_\_

Flowline Material: ☐ Fiberglass ☒ Carbon Steel ☐ HDPE (Poly)

Pressure Test Fluid: ☒ Wellbore Fluids ☐ Fresh Water ☐ Compressed Air

Maximum Anticipated Pressure (PSI): 150

## TEST INFORMATION:

| Minute | Pressure Recording (psi) |
|--------|--------------------------|
| 1      |                          |
| 2      |                          |
| 3      |                          |
| 4      |                          |
| 5      |                          |
| 6      |                          |
| 7      |                          |
| 8      |                          |
| 9      |                          |
| 10     |                          |
| 11     |                          |
| 12     |                          |
| 13     |                          |
| 14     |                          |
| 15     |                          |
| 16     |                          |
| 17     |                          |
| 18     |                          |
| 19     |                          |
| 20     |                          |
| 21     |                          |
| 22     |                          |
| 23     |                          |
| 24     |                          |
| 25     |                          |
| 26     |                          |
| 27     |                          |
| 28     |                          |
| 29     |                          |
| 30     |                          |

Start Time: 8:00 Initial Pressure (PSI): 150

End Time: 8:30 Ending Pressure (PSI): 150

Pressure Test Results: ☒ Pass ☐ Fail

Test Date: 10-25-21

Name of Person:
