Photo 2. Photo taken from the associated offsite tank battery location, facing West. Photo illustrates all equipment has been removed from location and final reclamation have been completed. However, there was very little establishment of desirable vegetation which consisted mostly of weedy annual vegetation.

Photo 3. Photo taken from the western location, facing West. This portion of the location was for Anadarko midstream operations. However, Top Operating was going to try and help to get this properly reclaimed per our rules.
