Comment:

It was observed in this inspection that the Location has been constructed, and various surface equipment (pipe, risers, cellars) was observed installed at the Location and along the access road, however no wells have been drilled.

Additionally, work to maintain the Location and access road has not occurred.

All Form 2 and Federal "permits to drill" on file for the Location have expired; Form 2 #400470726 expired 4/10/2016, Federal Permit (doc. no 1828344) expired 7/31/2010.

Location is subject to Final Reclamation requirements. Submission of additional permits does not waive compliance with 1004 requirements- See "Notice to Operators: Interim Reclamation Procedures for Delayed Operations" dated January 5, 2017.

Corrective Action: **Comply with Rule 1004.a and conduct final reclamation of the Location and access road**

Date **09/15/2022**
