Gentlemen:

We make reference to our verbal conversation of this date with your Mr. Doug Rodgers in relation to a well to be drilled in the approximate center of the NE SW of Section 8, T-3S, R-60W, Adams County, Colorado.

We have been advised by the Brinkerhoff Drilling Company that due to the contour of the Bijou River through Section 8 it will be necessary that this location be moved from the approximate center of said 40 acre tract to a point approximately 100 feet west and 50 feet north of said center. This is to advise that Shell has no objection to moving this location as requested.

Yours very truly,

Kirk Dyer  
Land Department
