

April 6, 1956

Mr. H. A. Flader
Flader Land Company
75 York Street
Denver, Colorado

Dear Mr. Flader:

According to our telephone conversation, I am enclosing an application for obtaining a Permit for the use of Ground Water.

To comply with the law, we request that you furnish this office with a log on this well which can be supplied by the drilling company. The name of the drilling company must be shown on this application and the notation made that it was originally drilled for an oil well.

If there are any further questions concerning this, please do not hesitate to call us.

Very truly yours,

J. E. WHITTEN
State Engineer
