**General Comment:****COGCC Inspection Report Summary**

On Wednesday 7/12/2022 at approximately 1100, I, Inspector Scott Ramsey, conducted a routine inspection at Peakview Operating Grassy Creek #2, at Location # 232620 in Route county Colorado.

Any Corrective Actions from previous Inspections that have not been addressed are still applicable.

While there, I observed a work over rig set up on well head. No pressure control of well (BOP) was present, all slick rod pulled out of hole and possibly must of tubing out of the hole. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife Management, Density habitat.

I talked with operator about notifying the COGCC via form 42 with any operations ongoing with the well. Data base now shows a form 42 on file document # 403103398 received 7/12/2022.

During this inspection the following possible compliance issues were observed:

1. No from 42 was on file at time of inspection

Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report.
