Flowlines in Area

Surface Owner preference for flowline management. (COGCC requires removal for onsite flowlines. CPR prefers removal for offsite flowlines as well but is willing to discuss options for abandoning in place with a formal agreement with the Surface Owner.)

Temporarily abandon in place the flowlines for the Miller 33-20 and Barclay Crisman 4-6-20 due to agriculture activities.

Return in August/September 2022 to remove the flowlines.
