General Comment:

UIC yearly inspection

Well belongs to the "OWP" program

Road grown over with tall grass and washed out ruts. Took my awhile to find the access road. Access is from CR7 3ths miles north of CR 42 just past mile marker 35 to left (west) into 2 track road 8ths mile to location.

Last MIT 9/22/2016 doc # 401117842

The door latch is jammed in between the frame and sheet metal of the well shed. I was able to open it without a prybar and was unsure I would be able close it back securely. So I didn't access the the shed.
