COGCC Decision: Approved pending re-inspection

COGCC Representative: Approved pending re-inspection of this FIR resolution acknowledges the document was received. It is not an acknowledgement that the corrective action has been passed. Operator appears to have graded the ruts on Location and access road, however, based on photos it is not apparent whether or not BMPs have been implemented to stabilize, minimize degradation and vehicle tracking; grading alone insufficient. A field inspection will be conducted at a future date to evaluate compliance with COGCC rules.
