General Comment:

On 8/17/2022, Reclamation Specialist Trujillo conducted a pre-drill, construction and stormwater inspection at Caerus Piceance LLC's BJU M23A-496 Pad Location in Garfield County, Colorado.

The following compliance issues were observed during this inspection:

-Location signage not posted

Refer to the "Construction" and "Reclamation" sections of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up inspection on this site will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

LocationOverall Good: ☐**Signs/Marker:**

Type			
Comment:	Though not posted, a copy of the approved Form 2A, and any Form 4 modifying the approved Form 2A was onsite and available upon request from contractor at time of inspection. Pursuant to Rule 406.c, the permit and any Form 4 modifying the Form 2A will require posting in a protected and conspicuous place on location at all times upon commencement of operations with heavy equipment until the conclusion of interim Reclamation.		
Corrective Action:		Date:	

Emergency Contact Number:

Comment:	Construction/soil salvage Operations in processIt was observed in this inspection that Location signage has not been installed in accordance with Rule 605.a. Reclamation Specialist discussed issue with Operator, and was notified that sign has been ordered. Pursuant to Rule 605.a, Location signage is required from time of construction until Reclamation is complete.		
Corrective Action:	Comply with Rule 605.a	Date:	08/17/2022

Erosion BMPs	Present	Other BMPs	Present
WADDLES			

Comments: Erosion BMPs: Erosion logs observed along perimeter of disturbance, and at base of soil stockpiles of the Location during construction.

Other BMPs: Additional controls in conjunction with the erosion logs will need to be implemented per good engineering practices upon completion of soil salvage and pad construction.

Corrective Action: _____ Date: _____

Comment: Soil salvage operations "in process" at time of inspection. Upon completion, additional controls in conjunction with the erosion logs will need to be implemented at the stockpiles to ensure soils are protected from wind/water erosion, degradation and weed establishment.
