General Comment:

Operator rep. contacted COGCC N.E. Field Office (Inps. Schure) of the mechanical equipment (PNG Combustor) failure in operating and requesting directives. The associated wells to this facility and the facility (battery and combustor) are to be shut-in, tagged out and remain out of service until combustor is repaired and in working condition. Operator is directed to notify COGCC N.E. Field Office when the repairs are completed and a follow-up FIR will be performed to permit the wells and facility to resume operations.
