**General Comment:****COGCC Inspection Report Summary**

On Thursday 9/15/22 at approximately 14:30 hours, I, Inspector Corey De Paolo, Conducted a domestic tap inspection at TEP ROCKY MOUNTAIN LLC Domestic Tap 33NESW. Location #456921 in Garfield County Colorado.

While there, I observed the domestic tap is derived from TEP's sales line. The pressure is regulated by a big Joe regulator. Following regulator there is an in line odorizer followed by another little Joe regulator. All fittings appear to be adequately sized to handle the maximum operating pressures of the regulators.

This is a summary of inspection report.
