Comment:

COGCC Decision: Approved pending re-inspection

COGCC Representative: Approved pending re-inspection; based on documentation provided, CA appears to be addressed, however due to timing of management efforts it is unlikely weeds were removed prior to the seeds shattering. On-going weed management efforts required until site receives a passing final reclamation inspection.

2 CA# 163493

Corrective Action: Comply with 1004 rules and complete reclamation. Implement best management practices and strategies to ensure site progresses towards COGCC 1004 requirements, including an 80% uniform, desirable perennial revegetation standard. Conduct ongoing monitoring/management efforts until site receives a passing final reclamation inspection. A CA date of 11/15/2022 is being provided to allow operator to implement initial weed management strategies prior to reclamation efforts.

Date: 11/15/2022

Response: CA COMPLETED

Date of Completion: 08/19/2022

Operator Comment: DCP required us to stay 15ft on either side of their pipeline ROW, so there is 30ft that could not be completed. The area is also very rocky, so we went as deep as we could.

COGCC Decision: Approved pending re-inspection

COGCC Representative: Approved pending re-inspection. However it is unclear where the DCP line travels, and no documentation has been provided from DCP. It is also unclear how a DCP line could prevent final reclamation of the Oil and Gas access road and Location in accordance with 1004 requirements.

COGCC Supervisor: Approved pending re-inspection. However it is unclear where the DCP line travels, and no documentation has been provided from DCP. It is also unclear how a DCP line could prevent final reclamation of the Oil and Gas access road and Location in accordance with 1004 requirements.

OPERATOR COMMENT AND SUBMITTAL

Comment: Please note - DCP required us to stay 15ft on either side of their pipeline ROW, so there is 30ft that could not be completed. The area is also very rocky, so we went as deep as we could. We also pulled and bagged jointed goat grass.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct, and complete.
