General Comment:

This is an environmental inspection for Spill ID 482243 12 Amoco Carter-Schneider UA in response to complaint Document Number 403178972. The operator has removed all excavation fencing around the perimeter of the spill with no formal lab analytical results being reported. The surface area around the spill has not been backfilled and remains disturbed.

Any corrective actions from previous inspections that have not been addressed are still applicable.

Photos are attached to document site conditions.
