Operator Comments:

Only the surface portion of this well was drilled and surface casing set. Drilling activity was suspended on 6/17/2022 and is anticipated to commence 9/27/2022.

Top of Productive Zone and Bottom hole footages are based on approved APD footages due to drilling being suspended. The depths provided are from the smaller surface rig and will change based on the production rig's KB on the final reports. No logs were run on this well.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
