Comment: This location does not comply with Rule 1004. Reclamation rules require reclamation activities to be conducted within three months of plugging on cropland. Operator has not completed all final reclamation activities with gravel/road base remaining throughout portions of the location that should have been returned back to crop production.

Corrective Action:

Date **07/27/2021**

Comply with Rule 1004. Collaborate with the landowner to determine mitigating measures that will allow reclamation work to be conducted in such a manner as to not interfere with agricultural activities or crop production. Provide documentation within the FIR Resolution form of when the corrective action work will be completed and provide date and documentation of coordination with the surface owner.

Corrective action date is being back dated to when all final reclamation activities should have been completed.
