13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

Utah Gas Corp has reached successful final reclamation criteria for the Dragon Trail Unit 1138 well location and associated access road. We are requesting FAN approval. Attached is monitoring data supporting success criteria is met. Site was evaluated by WRFO NRS on 09/18/19.

14. I hereby certify that the foregoing is true and correct.
