Comment:

	<p>This location does not comply with Rule 1004. Reclamation rules require reclamation activities to be conducted within twelve months of plugging on non-cropland. Well was plugged 12/02/2013. It appears operator has performed reclamation activities as there is no visible oil and gas equipment on locaiton and the access roads and location have been regraded and contoured to reflect reference areas. COGCC Staff observed a large area of annual weedy vegetation (e.g. russian thistle, kochia) on the location and access road, which appears to be slowing down progress towards final reclamation standards. Refer to attached inspection photos.</p>	
Corrective Action:	<p>Comply with Rule 1004 and manage weedy vegetation. Operator shall continue to monitor and manage this site until the location meets Rule 1004 standards, including stormwater and weed management.</p> <p>The corrective action date is the date the location was observed out of compliance.</p>	Date 10/07/2022
<p>Overall Final Reclamation Fail Well Release on Active Location <input type="checkbox"/> Multi-Well Location <input type="checkbox"/></p>		

Storm Water:

Loc Erosion BMPs	BMP Maintenance	Lease Road Erosion BMPs	Lease BMP Maintenance	Chemical BMPs	Chemical BMP Maintenance	Comment

Comment: At the time of this inspection, no stormwater erosion issues were observed at location or along the access road.

Corrective Action: Date: _____

Pits: NO SURFACE INDICATION OF PIT
