### Flowlines in Area

**Surface Owner preference for flowline management.** (COGCC requires removal for onsite flowlines. CPR prefers removal for offsite flowlines as well but is willing to discuss options for abandoning in place with a formal agreement with the Surface Owner.)

**Surface owner (Raptor Materials LLC) agrees to allow the abandonment of the Parker flowlines in place.**  
**(excluding Parker 1 flowline, that will be removed.)**

Crestone will abandon all flowlines per COGCC rules and regulations including flushing and capping all flowlines
