Subject: State Reportable Release 24 Hour Notification - THOMPSON 25-6

Good afternoon,

We identified a state reportable release due to the detection of a trace amount of thermogenic gas in the soil at the location referenced below. The soil gas was discovered during plug and abandonment activities at the wellhead. Investigation into the source of the soil gas is currently on-going and a Form 19 Release Report is forthcoming. This release did not threaten Public Water System, residences or occupied structures, livestock, wildlife, air quality, or publicly-maintained roads.

The following have been notified via specified method below:

- Weld County contacted via electronic mail
- Surface Owner notification in process

Location Details:

- Wellhead Name: THOMPSON 25-6
- Location: NWSE 6 3N 66W
- Latitude/Longitude: 40.251660/ -104.818350
- Wellhead ID: 05-123-24161
- WINS #: 92647

Please let me know if you have any questions.

Thanks,

Erik Mickelson, P.G. | Environmental Lead
