Comment

Operator has performed interim reclamation; however, interim areas have not been reclaimed to their original condition. Operator has used a mixed native and introduced grass mix which is not reflective of reference vegetation. The northern interim reclamation areas consist mostly of bare ground and Kochia. Reference areas consists primarily of Blue grama and Buffalo grass. Refer to the attached inspection photos.

Corrective Action

Perform reclamation in accordance to Rule 1003 for the interim areas. Establish vegetation with total perennial, non-invasive uniform plant cover of at least eighty (80) percent of reference area levels. Ensure erosion controls are implemented to stabilize the seeded soil, and continue to monitor and manage this site until the location meets Rule 1003 standards. Operator shall submit a Form 4 Interim Reclamation Complete notice when the location meets Rule 1003 standards. COGCC may conduct inspections prior to receiving said notice to ensure compliance with Rule 1003.

Date 10/19/2022

The corrective date is the date the location was observed out of compliance.
