### Operator Comments:

The WD Federal 14-7 R well has an onsite pit that must comply with 909J sampling, effective on January 15th, 2021. The well has not produced water since 11/1/2014, making it incapable to grab a sample to represent the pit. Evergreen intends to complete the 909J sampling requirements when the well begins to produce water.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
