**Comments:** Final reclamation of the Shire Gulch Federal 26-2 well pad and access road was completed in 2015. Additional seeding and soil amendment operations were completed in 2019. 2022 qualitative and quantitative monitoring shows that final reclamation of the well pad disturbance is successful and a self-perpetuating native plant community has been reestablished that approximates adjacent reference area composition and cover. Please see the attached third-party vegetation survey report for additional details.
