<p>COGCC Inspection Report Summary</p> <p>On Thursday 11/3/2022 at approximately 12:20 hours, I, Inspector Tom Peterson, conducted an on-site inspection at the PDC Energy Werning 01-02B, 08-03B, 41-03B Tank Battery location #447047 in Weld County, Colorado.</p> <p>While there, I observed that two crude oil tanks were missing contents/capacity placards and the methanol system required new placards. During this inspection the following possible compliance issues were observed: Rule 605.h. with a corrective action date of 12/30/2022.</p> <p>A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.</p> <p>This is a summary of the inspection report.</p>	petersont	11/03/2022
